

August 28, 2007: New Instructions for CG85 Kits

If you have a line throwing gun kit, be sure you have the most up-to-date instructions. The new instructions include 2-pages titled **Instructions** and **Safety Precautions for the Ultimate Consumer**. This set of documents is printed on plastic and include an illustration of Half Hitches. If your instructions don't include this illustration, you can purchase new instructions on plastic with your next order for \$6.95 or email us at beth@navalcompany.com for a free PDF version which you can laminate. To receive a PDF version of the instructions, please include the following in your email:

- (1) Your company name, address, telephone number
- (2) Your name and phone number (if applicable)
- (3) The serial number or date of purchase of your line throwing gun

We recommend you keep a copy of the serial number separate from your line throwing gun kit in case it is ever lost or stolen.

Wishing you safe shooting!

The Staff at NAVAL COMPANY INC.
